Here he is, 309 Perkiset. A chance in a lifetime to have a direct son of the PBR star Asteroid, and his mom being a daughter of world champion Troubadour! This cool little bull has what it takes he kicks hard and is very smart. He's had three rider trips and his last trip kinda looks like his old dad. We're offering 50% of this bull or you can double down and own all of him.

Not registered but can be. Sired by Already Platinum and out of Adams 401 (Funky Chicken X Border Patrols Dam). Breeding Guaranteed. This bull has a lot of action and he has had it from a young age. I got him from Willy Macza on a trade. He said was bucked with a rider as a coming two year old because of his size. Willy through him out with some heifers after that trip and I took him over from there. Every time after that 301 progressively got better. With the Derby coming up in Airdrie here is a great prospect!

22 PROLINE POWER

07

Proline Power was one of the strongest bulls in our pen a couple years ago. He spent most of his career in the PBR Canada Championship Rounds and was twice selected to the PBR Canada Finals. He also was selected to go to Las Vegas To the PBR World Finals in 2012. He made two trips up to Edmonton for us to the CFR. Proline wasn't rode very often but was covered once for a huge score of 91.5 points by Tanner Girletz at the Okotoks pro Rodeo. This little bull had lots of speed and action that was hard to surpass. I think he still has some gas left in his tank, if he got bucked on occasion or would be a great breeding bull for anyone's program. He originated from the Sissons Ranch which their breeding heavily resides on Burton bloodlines. The videos that are shown here show you how great he was. Buck him or breed him.

SR373 is sired by SR340 American Hustle (Troubador X Yellow Jacket cow). We bred the little yellow bull with a ton of try to only a handful of heifers before we sold him to Outlaw Buckers. Of his offspring, 3 of 4 bulls will be on the futurity trail this year and 4 of 5 heifers will stay in our herd. 373's dam is a Page 352 (Backlash X Bad Blue cow) daughter out of a Kelly's Kat cow. The genetics run deep in this heofer and she's just started to earn her keep. (PARAGRAPH) The real pearl of this lot is what's at the side of these heifers, Black Pearl in fact! That's right, the calves of this lot are sired by the 2009 Year End and Finals Classic World Champion, SJR250 Black Pearl (Houdini X White Water Skoal cow). The black bombshell from Nebraska with lifetime earnings of over half a million dollars is now proving himself as a super sire. The futurity, Derby and Classic standings in the states are littered with Black Pearl sons and now we've brought his genetics to Canada. This producing bloodline is rare and exclusive - these calves will most likely be the only ones available from our program. Black Pearl straws cannot be purchased on the open market, making this a chance to catch lightning in a bottle. (PARAGRAPH) This lot is chalk full of legendary genetics with proven results and is truly an investment that will pay dividends in anyone's breeding program for years to come. (PARAGRAPH) Winning bidder will get choice of pair and the other pair will come home with us. Sex and DNA verification of calves will be posted on the Shields Rodeo Facebook page once the calves are born, mid-April.

Whiskey River comes from the Northcott Ranch. She's a direct daughter of the great Wyatt Earp. She will have a colt by her side at the sale. The baby's dad is a full borhter to the 2015 Bareback Horse of the Calgary Stampede, X81 Spilled Perfume owned by Ward Macza. These are bloodlines you just can't find. Ask Jim Berry and Luke Butterfield about the mare, they have both been on her. She bucks and raises good colts. Have fun with this package!
